

Mora-San Miguel Electric Cooperative, Inc.

January 8, 2024

Dear High School Counselor(s):

Mora-San Miguel Electric Cooperative, Inc. (MSMEC) located in Mora, will sponsor six (6) High School students, Sophomore, Junior or Senior, who are dependents of an active Member in our electric company's service territory. The six (6) students selected, one from each high school in our service territory, will represent MSMEC during an all-expense paid Government-In-Action Youth Tour of Washington D. C. supervised by the New Mexico Rural Electric Cooperative Association (www.nmelectric.coop) this coming summer. MSMEC's service territory includes the high schools of Mora, Pecos, Wagon Mound, Robertson, West Las Vegas and Santa Rosa.

Students interested in applying are to complete all forms provided in full and submit them, together with the essay, to Mora-San Miguel Electric Cooperative, Inc., P.O. Box 240, Mora, New Mexico 87732 or delivered in person to the MSMEC headquarters in Mora, New Mexico.

The Youth Tour of Washington, D.C. is scheduled for June 18-22, 2024 (NM Capitol Day – June 17, 2024). Students selected to represent MSMEC will join students selected from the other participating electric cooperatives in New Mexico and others from throughout the US.

Deadline to submit all completed forms is no later than February 15, 2024. Please inform your Sophomores, Juniors and Seniors, who are dependents of an active Member of our Cooperative, of this opportunity and timelines.

Please feel free to make copies of the application should you have more students interested in applying for the Youth Tour. You may confirm eligibility of a student by contacting Debbie Alexander at dalexander@morasanmiguel.coop or lmontoya@morasanmiguel.coop by calling 575-383-4270.

Sincerely,

Les Montoya
CEO/ General Manager

List extracurricular activities and years of involvement in which you have participated, such as 4-H, FHA, FFA, church, community, service clubs, etc.

ACTIVITY

YEARS

REMARKS

Please list any public speaking experience:

Please list any writing experience, such as school newspaper, yearbook, etc.

1. The first step in the process of identifying a problem is to recognize that a problem exists. This involves gathering information about the situation and identifying the specific issue that needs to be addressed.

2. Once a problem has been identified, the next step is to define the problem clearly. This involves stating the problem in a concise and specific manner, identifying the scope of the problem, and determining the goals that need to be achieved.

3. The third step in the process is to generate potential solutions. This involves brainstorming ideas and considering different approaches to solving the problem. It is important to consider a wide range of options and to evaluate the potential benefits and drawbacks of each solution.

4. The fourth step is to select the best solution. This involves comparing the potential solutions and choosing the one that is most likely to be effective and feasible. It is important to consider the resources available and the time and effort required to implement each solution.

5. The final step in the process is to implement the chosen solution. This involves putting the solution into action and monitoring its progress. It is important to communicate the solution to all relevant parties and to ensure that everyone is working towards the same goal.

(Please attach a copy of the essay you submitted to the cooperative)

2024 YOUTH TOUR

ESSAY QUESTION

How do you see all types of Electric Vehicles (EVs) contributing to your future world? What suggestions do you have to help your Rural Electric Cooperative prepare for and encourage this imminent wave?
