

# Mora-San Miguel Electric Cooperative, Inc.

---

To Whom it May Concern:

Mora-San Miguel Electric Cooperative, Inc. was directed by U.S. Forest Service to de-energize power to the following areas for safety reasons due to the Calf Canyon/Hermits Peak wildfires:

## Dates de-energized and restored:

**Mora, La Cordillera East of 518:** de-energized 05-01-22. Southern Parts were restored on 05-05-22, others not until 05-17-22.

**Mora, La Cordillera West of 518:** de-energized 05-01-22. Southern portion restored on 05-05-22 near Water Tanks. Upper/Northern portion restored on 5-17-22.

**Cleveland, El Encinal, & Tramperos:** de-energized 5-1-22, restored on 5-17-22.

**Holman & Chacon:** de-energized on 05-01-22. Holman restored on 05-17-22 up to Mile Marker 34. **Chacon and Upper/West Holman** restored on 05-23-22. \*\*

**El Alto, Chupaderos, Turquillo, & Guadalupita:** de-energized 05-01-22; restored 05-18-22

**Canoncito, La Cueva, Buena Vista, Golondrinas, & Cebollita:** de-energized 05-01-22 to 05-05-22 exception\*\*\* Cebollita and Buena Vista de-energized on 04-22-22. Portions of Cebollita not restored until 05-13-22.

**El Abuelo, Monte Aplanando, LeDoux, El Oro, South & North Carmen, & Las Aguitas:** de-energized on 04-22-22; restored on 05-13-22.

**Gascon, Rociada, & Maestas Canyon:** de-energized on 04-22-22; restored on 05-17-22, portions of upper Gascon and Maestas Canyon not restored until 5-19-22. \*\*

**Tierra Monte, Manuelitas, Sapello, & Los Alamos areas:** de-energized 04-22-22; restored on 05-09-22

Mora, NM 87732-0240

**Las Tusas, San Ignacio, Beulah Route, & Rincon Montoso areas:** de-energized on 04-22-22; restored on 05-16-22 \*\* Some of these areas were also out between 04-12-22 and 04-15-22 in the early run of Hermit's peak fire prior to Calf Canyon joining. \*\* the Las Tusas area de-energized on April 12, 22 and power was restored on April 15, 2022. Then we were required once again to de-energize power on April 22, 2022 and then it was restored again on May 10, 2022.

**Penasco Blanco & Pendaries:** de-energized 04-22-22; restored on 05-16-22.

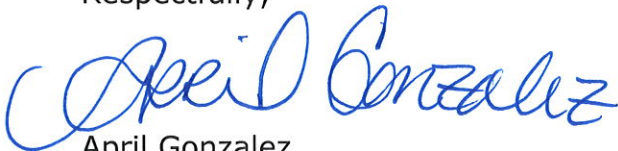

**Gallinas, El Porvenir, & Trout Springs:** Originally de-energized 04-12-22; restored on 04-15-22 early Hermits Peak run; de-energized again on 04-22-22 to present due to damaged poles off main feed from Las Dispensas into El Porvenir. *Power will be out an estimated time of 30 days while contractors repair damaged infrastructure\*\**

**Christmas Tree Canyon, Sierra Bonita, Rincon Ranch, & Trumbull Canyon:** de-energized on 05-1-22. Most Parts were restored on 05-18-22. Trumbull Canyon restored 05-23-22. Christmas Tree Canyon restored on 05-24-22.

**Calf Canyon & Upper Gallinas Canyon** were already de-energized due to severe wind storm on 12-09-21.
